Grade 6/7/8/9 Divisional Tournament

The alternates this year will be incorporated onto your lowest ranked doubles teams to make a team of 3 players. This will then allow them to be active throughout the day instead of waiting the entire day before playing a match at the end. The 3rd seeded Boys Doubles and 3rd seeded Girls Doubles will be teams of 3 players.

The three players will rotate and each play a total of 6 games as they alternate partners throughout the day. Please have a schedule outlined for them so that they are aware of which partner is playing each game. Alternates would be Player C.
